Mr. John Young

Suite 6E
New York, New York 10024

Dear Mr. Young:

References:

- a. Your Freedom of Information Act (FOIA) request of March 29, 2001, for records concerning various dossiers. Your request was received in this office May 8, 2001.
- b. Our letter of April 20, 2001, informing you that additional time was needed to review the records and we were unable to comply with the 20-day statutory time limit in processing your request.

We have conducted checks of the automated Defense Clearance and Investigations Index and a search of the Investigative Records Repository to determine the existence of Army intelligence investigative records responsive to your request. As a result of these checks, we were able to locate records pertaining to Poland Intelligence Services, Personalities and Sources, ZF400228WJ.

We have completed a mandatory declassification review in accordance with Executive Order (EO) 12958. As a result of this review, information has been sanitized and 73 pages of records are denied in their entirety as the information is currently and properly classified SECRET and CONFIDENTIAL according to Sections 1.3(a)(2), 1.3(a)(3), 1.5(c) and 1.5(d) of EO 12958. This information is exempt from the public disclosure provision of the FOIA pursuant to Title 5 U.S. Code 552 (b)(1). On March 9, 1999, the President exempted the files series in which these records are maintained from the automatic declassification provisions of EO 12958, Section 3.4, pertaining to classified records more than 25 years old. It is not possible to reasonably segregate meaningful portions of the withheld pages for release. The records are enclosed for your use. A brief description of the applicable sections follows:

Section 1.3(a)(2) of EO 12958 provides that information shall be classified SECRET if its unauthorized disclosure reasonably could be expected to cause serious damage to the national security.

Section 1.3(a)(3) of EO 12958 provides that information shall be classified CONFIDENTIAL if its unauthorized disclosure reasonably could be expected to cause damage to the national security.

Section 1.5(c) of EO 12958 provides that information pertaining to intelligence activities, intelligence sources or methods, and cryptologic information shall be considered for classification protection.

Section 1.5(d) of EO 12958 provides that information pertaining to foreign relations or foreign activities of the United States, including confidential sources shall be considered for classification protection.

Information has been sanitized from these records which contained internal markings used for the storing, locating, retrieving or transmitting of information and is for use only by agency personnel. These routine matters are of internal significance in which the public could not reasonably be expected to have an interest and are exempt under Title 5 U.S. Code 552 (b)(2) of the FOIA.

Since the release of the information deleted from these records would result in an unwarranted invasion of the privacy rights of the individuals concerned, this information is exempt from the public disclosure provisions of the FOIA per Title 5 U.S. Code 552 (b)(6) and (b)(7)(C).

Additionally, information has been sanitized from the records and 73 pages of the same pages withheld under (b)(1) are also denied in their entirety, as the release of the information would reveal the identity of confidential sources and sensitive intelligence methods. This information is exempt from public disclosure pursuant to Title 5 U.S. Code 552 (b)(7)(D) of the FOIA. The significant and legitimate governmental purpose to be served by withholding is that a viable and effective intelligence investigative capability is dependent upon protection of confidential sources.

The withholding of the information described above is a partial denial of your request. This denial is made on behalf of Major General Keith B. Alexander, the Commanding General, U.S. Army Intelligence and Security Command, who is the Initial Denial Authority for Army intelligence investigative and security records under the FOIA. You have the right to appeal this

d. In June 1958, (b)(7)(C) was sentenced to six months in prison, or three years probation for a black market deal with slaughterhouse meat.

() From 1938 until the beginning of World War II () worked as a textile merchant in Gliwice and during World War II he served as a pilot in the German Air Force. He returned to Gliwice from an unknown Prisoner of War Camp in 1946 and obtained employment as a coal miner in the Sosnica Mine in Gliwice. He worked there until the fall of 1954 when he disappeared from the area. Prior to his departure he had spoken very poor Polish, but when he returned approximately six months later he spoke the language fluently. He resumed work in the mine but was given a foreman's job instead of continuing to work as a common miner. In 1956, () disappeared once again for a period of approximately three months. He returned later in 1956 in the possession of a IFA motorcycle (East German made), with side car. He also had a Zeiss made Perfecta camera and appeared to have large amounts of money. After his return in 1956 () did not work and was frequently seen in the local bars in the company of MO (Milicja Obywatelska - Citizen's Militia) officers from the Gliwice Headquarters. In the spring of 1957, () began working in white collar positions with the Orbis Tourist Office in Katowice. In March 1958, he left Poland, taking with him this time his wife and seven year old daughter. () wife wrote a letter to friends in Gliwice stating that they now resided in East Berlin. () never discussed his absences and was always careful to evade any questions the source of his wealth came from or his employment. No further information is available. (F-6)

Phantom-Diplomat Cheated Half the World.

Caught - because of too much vanity.

FRANKFURT/BONN, 17 November.

For ten years, a con-man and "phantom-diplomat" has been traveling around the world unchallenged. But it was not his swindling, but only his vanity that now brought his downfall. He had ordered diplomat's ^{car plates} ~~license plates~~ (CD signs) for his car in Bonn. Josef Tadeusz GORACZKO alias Dr. ZEMAK, (52) was arrested in Bonn.

Under the name of ZEMAK, he had posed as "legation councilor with the embassy of Honduras" in Bonn, and as "colonel of the Brazilian Army" and "vice-consul of Ecuador" in Frankfurt.

Widely traveled.

The stations of the criminal adventurer:

- deported from France on account of subversive activities;
- swindlings in Seden;
- shady business deals in Uruguay and ~~Brasil~~ Argentina;
- escape to Brasil.

Then Thadeusz GORACZKO gave the Federal Republic the honor of his presence. He became "Dr. ZEMAK, attorney and notary, colonel of the Brazilian Army and realtor." The widely travelled man first found a half-time job with the Frankfurt consulate of Ecuador. He was occupied there with translating, some telephone service and taking care of foreigners. "Off-side" he is said to have ruined a marriage.

The big deal.

But then the big deal took shape for the native of Poland. He considered his half-time job at the consulate important enough to assume the title of a "vice-

consul". Sitting beneath an Ecuadorian coat of arms, "Dr. ZAMEK" worked also at a Frankfurt ~~banking~~ real estate agency. He sold building lots.

Allegedly authorized by a Brazilian real estate owner by the name of ZERP, the international con-man offered real estate in the vicinity of the new Brasilia capital of Brasilia. The money went into his own pocket. His customers, anyway, are still waiting for their title deeds.

But also dealings in stock holdings seemed promising to Dr. ZAMEK. The proficient ZEMAK managed to sell canadian stock of 60 pfennigs the share for 3.40 marks per share.

Then he transferred his sphere of activity to the capital of Bonn. As "legation councilor of the embassy of Honduras", real estate agent and stock broker ZEMAK prepared his biggest deal. He offered the title of an "elective consul" of Honduras for sale. Selling price per title was not ~~less than~~ under 100,000 to 150,000 marks. How many title-coveting big-time operators in our economic-miracle land have fallen for the "elective consul" has not yet been determined.

Neither has anybody to date been able to figure out what the total damage was GORACZKO has caused in the countries which he ~~has~~ visited during the last decade

Legal suits hourly.

Anyway, legal suits are now being filed with the state prosecutor's offices in Frankfurt and Bonn by persons cheated almost every hour. The impostor is said to have used five different names. Until he made that blunder with those CD (Corps Diplomatique) ~~license plates~~ signs. His order struck the experienced supplier as being odd. The criminal police got on his track.

Confirms the head of the Bonn court press office, PFROM: "We assigned a special official to this case. He does not do anything else. That is all that can be said right now."

„Phantom-Diplomat“

betrog die halbe Welt

Gefahrt — weil er zu eitel war

Von KLAUS NATH

Frankfurt/Bonn, 17. 11.

Zehn Jahre lang reiste ein Betrüger und „Phantom-Diplomat“ unangefochten um die Welt. Aber nicht seine Gaunereien, sondern nur seine Eitelkeit brachten ihn jetzt zur Strecke. Er hatte sich in Bonn Diplomaten-Kennzeichen (CD-Schilder) für seinen Wagen bestellt. Josef Tadeusz Goraczko alias Dr. Zemak (52) wurde in Bonn verhaftet.

Unter dem Namen Zemak war er als „Legationsrat der Botschaft von Honduras“ in Bonn, aber auch als „Oberst der brasilianischen Armee“ und „Vizekonsul von Ekuador“ in Frankfurt aufgetreten.

Weitgereist

Die Stationen des kriminellen Abenteurers:

- Ausweisung aus Frankreich wegen umstürzlerischer Betätigung.
- Betrügereien in Schweden.
- Dunkle Geschäfte in Uruguay und Argentinien
- Flucht nach Brasilien.

Dann beherrschte Tadeusz Goraczko die Bundesrepublik. Aus ihm wurde „Dr. Zemak, Rechtsanwalt und Notar, Oberst der brasilianischen Armee und Grundstücksmakler.“ Der weitgereiste Mann fand zunächst eine Halbtagsbeschäftigung im Frankfurter Konsulat von Ekuador. Er beschäftigte sich mit Übersetzungen, etwas Telefondienst und mit Ausländerbetreuung. „Nebenbei“ soll er eine Ehe zerstört haben.

Das große Geschäft

Dann aber begann das große Geschäft des gebürtigen Polen. Seine Halbtagsbeschäftigung im Konsulat hielt er für wichtig genug, um sich „Vizekonsul“ zu nennen. Unter dem Wappen Ekuadors residierte „Dr. Zemak“ nebenbei bei einer Frankfurter Maklerfirma. Er verkaufte Bauland.

Von einem brasilianischen Großgrundbesitzer namens Zert angeblich bevollmächtigt, bot der Internationale Schwindler Grundstücke in Nähe der neuen brasilianischen Hauptstadt Brasilia an. Das Geld floß in die eigene Tasche. Jedenfalls warteten seine Kunden noch immer auf die Grundbucheintragen.

Aber auch der Handel mit Aktien reizte den Dr. Zemak. Großer Gewinn: Kanadische Werte für 60 Pfennig pro Stück brachte der clevere Zemak für 3,40 DM pro Stück an den Mann.

Dann verlegte er sein Betätigungsfeld in die Bundeshauptstadt Bonn. Als „Legationsrat der Botschaft von Honduras“ berechnete Grundstücksmakler und Aktienverkäufer Zemak seinen größten Coup vor. Er hielt den Titel eines „Wahlkonsuls“ von Honduras fest. Pro Titel nicht unter 100 000 bis 150 000 Mark. Wieviel tülschlägige Großverdiener unseres Wirtschaftslandes auf den „Wahlkonsul“ hereingefallen sind, ist noch offen.

Gleichfalls hat bisher noch niemand errechnen können, wie groß der Schaden insgesamt ist, den Goraczko-Zemak in den Ländern anrichtete, die er in den letzten zehn Jahren heimsuchte.

Stündlich Anzeigen

Auf jeden Fall laufen jetzt bei den Staatsanwaltschaften von Frankfurt und Bonn fast stündlich neue Anzeigen geprellter ein. Der Betrüger soll unter fünf verschiedenen Namen aufgetreten sein. Bis ihm das Mißgeschick mit den CD-Schildern passierte. Seine Bestellung fiel dem erfahrenen Lieferanten auf. Die Kripo kam Dr. Zemak auf die Spur.

Bestätigt der Leiter der Justiz-Pressestelle Bonn, Staatsanwalt Pfamm: „Wir haben einen Sonder-Sachbearbeiter für diesen Fall eingesetzt. Er kümmert sich ausschließlich darum. Mehr ist dazu jetzt nicht zu sagen.“

Eitelkeit brachte ihn zur Strecke: „Dr. Zemak“

SUSPECTED SPIES FOR U.S. APPREHENDED

Warsaw Domestic Service in Polish 0600 GMT 8 December 1963--L

(Text) The Ministry of Internal Affairs security service recently apprehended in Opole Voivoidship Maria Hildegard Krybus, 32, Jochaim Sobek, 24, and other persons suspected of espionage activities against Poland. From information in the possession of the security services it appears that Krybus was recruited by U.S. intelligence agents while she was visiting her brother Leo Kreis, who lives in Bremervoerde, West Germany. After her return to Poland Krybus recruited other persons for intelligence work and with their aid collected espionage information on key industries and military units stationed in Opole Voivoidship.

Numerous proofs, instructions, and espionage reports were found on the apprehended persons. Investigation in this matter is being conducted by the supreme military prosecutor.

Case: ([REDACTED])

Date(s) of Activity: 1961 - ~~CAPD~~
April 1963

Date Neutralized: 24 April 1963

Hostile Service: Polish Intelligence
Services (PIS)

Target: French Naval Training and
Installations

Summary

(b)(7)(c)
([REDACTED]) was born in France of Polish parents and later acquired French citizenship. He served for five years in the French navy and was discharged in 1960. From 1960 until 1962 he worked at various jobs including some time at the naval facility at Mers-el-Kebir, Algeria. Early in 1961, ([REDACTED]) contacted the Polish Embassy, Paris, allegedly to ask for aid in finding employment. He was recruited by a member of the Embassy's Military Mission and for two years he furnished information on the French naval reserve program, naval facilities where he had been employed and commercial airfields in France. Initially, the information was delivered directly to the handler in the Embassy and later reports were submitted to a cover address in Warsaw. It is not known how ([REDACTED]) was identified as an agent by French authorities.

EEI and Assignments

([REDACTED]) gave the PIS information concerning his service in the French Navy and subsequent reserve training. He also supplied reports on the naval facility at Mers-el-Kebir, Algeria. In addition, the PIS was furnished with information on commercial airfields in the Paris and Villacoublay areas.

Recruitment and Modus Operandi

(b)(7)(c)
In 1961 ([REDACTED]) contacted the Embassy in Paris allegedly for aid in finding employment commensurate with his ability. He was referred to a member of the Polish Military Mission, later identified as a member of military intelligence (Z-II). ([REDACTED]) described his background and signed a pledge of silence pertaining to the recruitment. The recruiter, who also acted as the handling agent, was particularly interested in ([REDACTED]) naval experiences and reserve training. He met the handler three times at the Embassy from the time of his recruitment until August 1961. At each meeting, he submitted reports

(b)(7)(c) concerning his navy service. He traveled to Poland in the latter part of August 1961 to familiarize himself with the country and to visit relatives. The trip was made at the direction of the handling agent who told () that he would be met while in Poland. However, a meeting did not take place and, after his return to France, () met the handler in the Embassy during November and December 1961. Later in December 1961, he again traveled to Poland at PIS direction to meet a newly-assigned handling agent. In Poland, () was assigned a cover name and furnished with a Warsaw cover address. His reports in the future were to be submitted to this cover address, using a secret writing system. He was instructed to have no further contact with the Embassy in Paris. () wrote to the cover address four times between January and August 1962 when he transmitted information concerning a reserve training tour he had recently completed. The last correspondence allegedly occurred in March 1963 when the handler wrote to () acknowledging receipt of the last report and arranging for a meeting. It is not known whether the meeting occurred before () was arrested in April. () claims that he was never paid for his activity except on one occasion when his original handler gave him 100 francs.

(b)(7)(c) USAREUR Comment

In all probability the operation was controlled by the military component (Z-II) of the PIS, () was recruited and initially handled by a member of the Military Mission which are known to be staffed by Z-II personnel. In addition, the EEI were wholly of a positive nature which indicates control by the military, rather than the civilian, component. The lack of operational refinement is typical of the PIS but in this instance may have been caused by the obvious lack of agent accessibility. In addition, nine reports were submitted on relatively standard EEI which probably could have been satisfied by one report. This suggests that the PIS was less interested in valid information than in establishing the agent and setting up communications channels. It appears that the immediate objective of the operation was to establish, train and test the agent. The ultimate objective cannot be determined. However, the operation indicates PIS capabilities for clandestine activity in areas of USAREUR interest.

Summary

(b)(7)(c) ([REDACTED]) was a sailor aboard a Polish ship that regularly called at Hamburg, Germany. On each visit he contacted a repatriated Pole from his hometown. ([REDACTED]) was first recruited informally in August 1961 at Gdynia and served for 14 months as PIS courier to the Hamburg acquaintance who was a PIS resident agent. ([REDACTED]) made six courier deliveries during the time of his activity which was discontinued by his arrest in Poland for refusing to continue cooperating with PIS. He later fled to West Germany.

EEI and Assignments

(b)(7)(c) ([REDACTED]) served as courier from August 1961 to October 1962 carrying messages and packages between Gdynia, Poland, and a resident agent in Hamburg, West Germany. He called at Hamburg 12 times in this period and made pickups or deliveries on six of the trips. Although the letters were usually unsealed, they were written in cryptic or undecipherable terms. ([REDACTED]) did not have any collection mission.

Recruitment and Modus Operandi

(b)(7)(c) ([REDACTED]) served for several years as a seaman on a Polish ship calling at Hamburg where he regularly visited with a repatriate from his home town. In August 1961 he was approached in a Gdynia cafe by a man who introduced himself as ([REDACTED]) and claimed to be a friend of ([REDACTED]) acquaintance in Hamburg. ([REDACTED]) asked that the seaman deliver a letter to the acquaintance in Hamburg, ostensibly asking for medicines which could not be obtained in Poland. ([REDACTED]) agreed and was given a photograph of ([REDACTED]) to serve as identification to the Hamburg contact. They agreed to meet in the same cafe after ([REDACTED]) return. He delivered the letter and brought back medicine which was delivered to ([REDACTED]) who replaced ([REDACTED]) as the Gdynia contact, since ([REDACTED]) had allegedly been transferred to Warsaw.

(b)(7)(c) [redacted] had made four deliveries by November 1961 when [redacted] stated that no more were to be scheduled until further notice. [redacted] was told to frequent the cafe where he would be contacted at a later date. In March 1962, [redacted] was met in the cafe by [redacted] and a stranger who asked that he accompany them to a nearby apartment. There the stranger was introduced as [redacted] and the two men identified themselves as members of the PIS. [redacted] was told that he was being recruited as a courier by the PIS. He was told that if he refused to cooperate, he would be discharged from his job. However, the PIS would insure that he transferred to a better ship if he agreed to cooperate. He signed a pledge of cooperation that was dictated by [redacted]. He made two more courier runs after his formal recruitment and in September 1962 asked that he be allowed to discontinue the activity. The request was refused and, after [redacted] failed to contact [redacted] before his next trip as instructed, he was arrested on charges of black marketeering in October 1962.

USAREUR Comment

(b)(7)(c) The spotting of [redacted] was accomplished by the agent in Hamburg. The initial pickup and delivery may actually have been a request for delivery of medicine, although it is more than likely that it covered a delivery of EEI and information. However, the disguise served to make the activity appear somewhat innocent. The informal recruitment and the failure to identify the PIS with the initial activity may also have been designed to gradually involve or to test [redacted]. The formal recruitment only occurred after [redacted] had thoroughly compromised himself by the first four deliveries. Heavy ship traffic between Poland and West Germany offers an excellent opportunity for PIS courier operations. However, there has been little prior evidence of such PIS activity, although merchant seamen undoubtedly perform low-level collection missions.

Case Summary: 2-63-11

Case: (b)(7)(c)
DPOB unknown

Date(s) of Activity: 1953-January 1963

Date Neutralized: January 1963

Hostile Service: Polish Intelligence
Services (PIS)

Target: Polish Emigre Groups

Summary

(b)(7)(c) [redacted] emigrated to France from Poland in 1953, allegedly after his failure to found a "national peasants' movement" placed him in difficulties. He began working as the Paris correspondent of a Swiss newspaper and a Polish magazine published in London. This work brought him into contact with diplomatic and political circles in Paris, with Polish emigre groups, and with many foreigners residing in the French capital. He claims he was recruited in the same year by the press attache of the Polish Embassy to report on his Polish contacts among Polish emigres and on the French political situation. [redacted] passed information to the PIS regularly from 1953 until his arrest in January 1963.

EEI and Assignments

(b)(7)(c) At the time of his alleged recruitment, [redacted] was instructed to report on Polish emigre groups and on French public opinion concerning West Berlin, the Oder-Neisse border, Franco-German relations and the Rapacki Plan. He also was given a camera and trained in document photography, but he did not receive or fulfill any EEI other than those assigned initially. However, he apparently was able to work himself into a position of considerable influence in Polish emigre circles, and he probably was responsible for a split within the exiled Polish Peasant Party that led to the formation of a dissident group. He also furnished detailed information on the organization, membership and activities of the Peasant Party, with particular emphasis on contacts between the Party and affiliated groups in Poland. There are some indications [redacted] was involved in the 1960 murder of Vladislav MROZ, a Polish intelligence agent, but detailed information on this point is not available.

Recruitment and Modus Operandi

(b)(7)(c) Allegedly [redacted] was recruited by the press attache of the Polish Embassy in Paris. He agreed to cooperate in return for a PIS promise of aid at a later date to establish a career in Polish politics. The PIS furnished [redacted] a luxury apartment in Paris and supplied the funds to buy his wife a perfume shop in the city. [redacted] at first received monthly payments of 600 Francs (\$120), which later increased to 1,000 Francs monthly. He was also reimbursed for operational expenses.

(b)(7)(C) All of () PIS contacts were personnel assigned to the Polish Embassy, including the press attache, first secretary and vice-consul who served as agent handlers at various times. Other Embassy personnel, principally dependent wives, served as couriers. Courier contact was usually made at the perfume shop operated by Mrs. ()

() was assigned a Warsaw cover address and given "white carbon paper" secret writing materials when he was recruited. However, this method of communication was used very little as the operation progressed. Most contact was by courier or with the agent handler directly, usually in Paris. However, on at least five occasions meetings with an agent handler were held in Austria or Switzerland. These meetings were with PIS staff personnel who traveled from Warsaw, one of whom had previously acted as agent handler while assigned to the Polish Embassy in Paris.

USAREUR Comment

(b)(7)(C) While there is no evidence of USAREUR interests being involved, the () case is interesting as an indication of PIS capability to conduct operations in the USAREUR area. Although elaborate operations, such as this case, are typical for the PIS, even when relatively innocuous EEI are involved, the payment and financial assistance given to () appear inordinately high in terms of the stated results. It seems likely that () mission and the information he furnished were of greater significance than that reported. It cannot be determined whether () has refused to provide a complete account or whether full details have not been provided by French authorities. There is some indication that () traveled widely in Western Europe and that he may have had contacts with Polish emigres living in the United States. No detailed information is available, however. It is also considered possible that () was actually recruited earlier than he claims while still in Poland and was then dispatched to France with the cover story of political failure.

4. REPORT OF FINDINGS

(U) On 4 August 1975, Source 2212-1738, whose reliability has not been established, reported the following information:

(C) Concerning [REDACTED]

[REDACTED] but doubted that this was the case, as Source had only talked with these individuals on two occasions at the POC and then only to exchange a few sentences with them. [REDACTED] is interested in everyone, but mostly in recent arrivals and visitors from Poland, whom HE enjoys talking to. [REDACTED] has over a period of time, asked Source about Source's personal life in Poland but HE also asks the same thing of others. [REDACTED] deserted the Polish Military in approximately 1946 and defected to Germany. HE reportedly still has some family in Poland, details unknown. Approximately one year ago, [REDACTED] took a trip to Poland. Prior to the trip, HE checked with [REDACTED] (FN), who has previously been reported, to see if HE could travel back to Poland without getting into trouble. [REDACTED] told [REDACTED] that it would be okay to do so. While [REDACTED] was in Poland, HE was interrogated by Polish Intelligence (PIS), in either Warsaw or Krakow and asked questions such as who HIS commanding officer was, what HIS job was, identification and locations of labor service units supporting American units, what the various unit functions were, who various personalities were etc. Polish Intelligence told [REDACTED] that they knew these things but indicated that they wanted [REDACTED] to confirm these facts. They also told HIM that they knew HE had deserted the Polish military and knew what HIS present job and assignment was in the FRG. Reportedly, [REDACTED] told Polish Intelligence that if they knew all these things, they should not have to ask HIM and that HE was not going to get himself into trouble after living in Germany for almost thirty years. [REDACTED] allegedly refused to be of any help to PIS and was released. [REDACTED] is intimate with Danuta INU, a Polish citizen, who along with six other individuals from Poland, are visiting and working in the Kaiserslautern, FRG area, and reportedly have visas that are good for a stay of six months in Germany. Danuta INU arrived in approximately mid-May 1975.

(U) AGENT'S NOTES: Reference Agent Report by the undersigned, dated 11 August 1975, Subject: INU, Danuta (U). Reference Agent Report by the undersigned dated 10 July 1975, Subject: [REDACTED] (FN) (U). The former member of KFO was a C/O of KFO involved in the 2212-1738 operation. 4. REPORT OF FINDINGS

(c) (u) On 4 August 1975, Source 2212-1738, whose reliability has not been determined, provided the following information concerning SUBJECT, who is one of seven Polish Nationals, four men and three women, who came as a group to Kaiserslautern (MV 1077), Federal Republic of Germany (FRG), in approximately mid-May 1975, on a six month visa from Warsaw, Poland:

(u) (c) (u) (b)(7)(C) 28 years old, 5'9", red hair, slender build, married. SHE has a husband in Warsaw, Poland who supposedly has some sort of important position in the government or possibly in the Ministry of Internal Affairs, Warsaw, Poland; however SHE is experiencing marital problems. (u) (c) (u) has indicated that SHE has important connections in the Ministry of Internal Affairs and among diplomatic officials at the Polish Consulate in Koeln, FRG, as do the other six individuals who came with HER to Kaiserslautern, FRG, from Poland. These connections reportedly assisted HER and the other individuals in obtaining permission for their travel to the FRG. One of the officials who helped HER is fnu (u) (c) (u) (FN), who reportedly works for the Polish Consulate in Koeln. (u) (c) (u) has asked this individual to carry a letter with him to Poland. The letter is to arrange, through HER connections in Warsaw, to have HER sister and girlfriend obtain permission to visit the FRG. (u) (c) (u) is also supposed to be carrying news and material back to Poland where he will stay for two to three weeks. (u) (c) (u) was due to depart for Poland on 8-9 August 1975. (u) (c) (u) is working at the Loewenbraeu-Hof Bar, Holzstrasse 3, Kaiserslautern along with LNU, Danuta (FN), another one of the women in the group visiting Kaiserslautern. One night at the bar where (u) (c) (u) is working, SHE got into a fight with LNU, Wojciech (FN), one of the men in the group that is visiting Kaiserslautern. Wojciech told (u) (c) (u) that if SHE continued to behave like SHE was, then he would take care of HER at the Ministry of Internal Affairs, Warsaw, Poland, and SHE would be going back to Poland sooner than SHE thought and it could be HER first and last visit to the West. (u) (c) (u) seems to know everybody who comes into the bar where SHE works but is very cautious with whom SHE talks. (u) (c) (u) knew one of the women among two couples who visited (u) (c) (u) (FN) and (u) (c) (u) (FN) in June 1975, stating that the woman was the daughter of a Polish General from Warsaw, Poland. (u) (c) (u) and Danuta LNU have given the impression that they are in the FRG on a mission for the Polish Intelligence Service. (u) (c) (u) is afraid to return to Poland because of threats made to HER by Wojciech LNU (FN). (u) (c) (u) boyfriend is fnu (u) (c) (u) German national who is reportedly well fixed financially and has two cars, an Opel and a Porsche. (u) (c) (u) arrived in the FRG from East Germany, approximately 14-15 years ago. (u) (c) (u) Danuta LNU and her boyfriend, (u) (c) (u) (FN), recently travelled to Stuttgart, FRG, to visit with a former director of the firm that Danuta works for in Poland.

MEMO

26 July 1965

(b)(7)(C) In the perusal of the dossier on [REDACTED] a guest at King during Oct 1962 the following was noted:

In the letter, writer states "You asked for my assistance in contacting my colleagues and your contact man. I saw him. I asked you to tell no one but you revealed all the information to the contact man. He had this information and showed it to me".....

(b)(7)(C) Lead and Development Report No. 1, dtd 4 Dec 62 reveals that S was contacted on 19 Nov 62 in HAMBURG by a member of this group [REDACTED] and bona fides were exchanged. This meet was to pitch S and set up meetings with two of his seaman friends.....S's girl friend lived in ODYNIA, across the hall from the apartment of a potential lead living at [REDACTED] S stayed at his girl friend's apt at times. Apt # of S's girl friend is not mentioned...it is interesting to note that the writer of the letter indicates a UB member [REDACTED] living at [REDACTED] [REDACTED]...could be that [REDACTED] is not a UB member but just another seaman that took over S's girl friend after he defected and that S is trying to cause [REDACTED] trouble by accusing him of being a UB man.

Dear Gentlemen,

I am writing this letter in a hurry to inform you. You were asking for my assistance in the affair to contact my friends and your contact man. I saw him. I was asking you that no one should know about this, but unfortunately you revealed all the information to the contact man and he had all this in his hand, and showed it to me. They did not have to look very far and they did know everything in Poland. My mother has trouble up to this ~~date~~ day. Lately for many weeks I did not receive any news from my parents and they are continuously scared. They are making them trouble and they are called to the Militia. The Militia is informed that I have supplied to you information on my friends in Poland. You can imagine how I look like that I made trouble for my mother. My mother is aroused in the night they search the entire building and they look for something. It is intolerable. I am keeping on working very hard. They harm me very much, especially through my mother. In the old age they do not let her sleep at night and call her many times.

Well, I would like to supply you with information on people which travel on Polish boats and spy in foreign ports in America, Belgium and Germany (West). This are people which were formerly employed in the UB (State Security Office) during Stalins time. They are employed under cover as machinists I have this information from trusted people which are travelling on boats. [REDACTED]

[REDACTED] I saw him and he told me (who revealed all the information) who was going after my life and through which I was forced to leave Poland. He told me about a few people ^{kind} of people they are. This are the people:

1. [REDACTED] 2d officer, who travels on the boat "Staszyc" and was spying in New York. He made photos on ~~importing~~ imported points (in the States) for the Polish authorities. He came back to the boat at night. He made reports on the entire crew of the boat, where they are going and what they are doing. He made reports on Poles (former Polish citizen) which he met in America, especially in New York. He travels from New York to New Jersey. He is a type (of a person) who is a contact man to the (Polish) Counterintelligence. When the crew gave him a hard time he left ~~his~~ for a leave.

2. [REDACTED] former UB member. This man still travels on the boat "Staszyc". He travels to the USA. He has the same mission as [REDACTED] He was born on [REDACTED] He has a Sailors Book Nr 9139, a sailor by profession, height 175 cm, oval face, receding hairline over the temples, blond hair, light big blue eyes, athletic build. Employed in the Counterintelligence. He is reporting on sailors what they buy ^{what} and they speak. Last year he hid in his cabin a friend from the Counterintelligence, and he calmly let him off in New York.

Someone is employed in your place for the other side and he forwards all the information to Poland.

I was in your place and I do not have pleasant memories.

Despite all this I feel a sympathy towards you and I would like

West Germany/ Contact House for Polish Agents in Hamburg.

SPECIAL HANDLING REQUIRED NOT
RELEASABLE TO FOREIGN NATIONALS

A restaurant in HAMBURG allegedly controlled by a "U.S. Agency" is operated as a contact house between Polish merchant marine sailors and an American Intelligence Agency. Operations in the restaurant are allegedly handled awkwardly and are observed by Polish counter-intelligence agents which subsequently results in the arrests of any sailors who have frequented subject restaurant.

1. According to information received from various HAMBURG sub-sources the GASTAETTE KOEPLIN there is allegedly a restaurant being operated as a cover for a US intelligence agency. The proprietor is ostensibly a Bulgarian named [REDACTED] spots Polish Merchant Marine sailors who visit his restaurant and phones to an alleged US agency. Shortly after his call a few men arrive in a light tan BORG-WARD ISABELLA bearing the liscence H 41 22 53. These men approach the Poles and try to carry on conversations with them. All of the guests of the restaurant recognize the men as US officials or officers. As the restaurant is also frequented by Polish counter-intelligence agents, sailors seen talking to the "Americans" are reported to GDYNIA where they are arrested upon their return. 18 cases of such arrests have ocured renently. These cases were charged with smuggling of watches and cigarettes as well as with espionage.

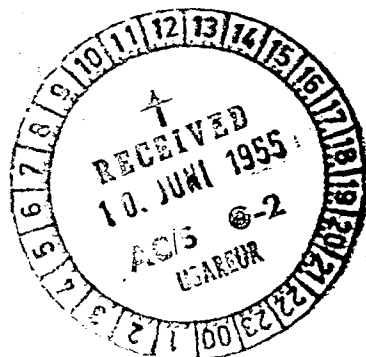

2. The activity of the "Americans" involved is so awkward and evident

that it seems that they are actually trying to expose the Polish sailors. One of the worst of these "U.S." contact men, probably not an American himself is ~~REDACTED~~ (fnu). **b7c**

3. The Polish counter-intelligence agents do excellent work. Source in HAMBURG claim the Polish security police in GDYNIA have a complete report on every crew members activities before the arrival of every ship in GDYNIA. While the ship is still at sea, radio operators transmit details to the U.B. in the home port. HAMBURG is crowded with these agents of the U.B.

4. The situation is rendered more difficult by the competition between the various western intelligence services (English, French, U.S. and German). Rivalry between the various agencies (even the different U.S. agencies are competing each other) leads to a preposterous situation: nobody really knows who works for whom and against whom. The agents of the other side profit by this situation as they work as a well-organized group within this chaos.

5. HAMBURG friends of source feel that current mass-arrests of western resident-agents, especially of the English and U.S. secret services, in POLAND demonstrate the following thesis: the West proceeds with little organization, little professional ability, little knowledge of Polish counter-espionage methods, and with too little money. Unless western intelligence in Hamburg is reorganized it may happen that no information other than well-prepared false material will be forthcoming. At present, a new type of information dealing is developing in HAMBURG. These people sell information to all agencies simultaneously. Most of the information is false. Knowing exactly what is wanted the information dealers can produce the material.

6. The following case has become known among HAMBURG friends of source: A Polish sailor after having jumped ship at STOCKHOLM lived well for nearly 2 years by selling his allegedly valuable information to the following agencies:

- a. Radio Free Europe at STOCKHOLM
- b. Swedish intelligence; then he fled to BELGIUM
- c. Belgian intelligence; then he fled to the NETHERLANDS
- d. Dutch intelligence; then he fled to HAMBURG
- e. U.S. intelligence (probably U.S. Navy), at HAMBURG
- f. U.S. C.I.C. (probably), at HAMBURG *NO - NO C.I.C. ONI, in France*
- g. French intelligence, at HAMBURG
- h. British intelligence. *HAMBURG*

Source Information: As indicated.

Preparing Officer's Comment: It is impossible to evaluate such information. It is planned to investigate the situation in concert with the BREMEN HAVEN office of this command. It is possible that Polish U.B. agents are acting as "Americans" in the subject case to trap Polish sailors.

Encl: (1) Identifying Data on [REDACTED] dtd 25 May 1965

1. The following information, furnished by Joseph R. DAVIS, Master of the S.S. MORMACVEGA (AM), is forwarded as a matter of interest and for any action deemed appropriate.

a. The S.S. MORMACVEGA owned and operated by MOORE-McCORMACK LINES INC. of New York, sailed New York on 16 April 1965 for several Northern European ports including Antwerp (22 April), Rotterdam (28 April), Gothenburg (30 April), Oslo (2 May), Copenhagen (5 May) and Stettin (7 May). On the return voyage the ship called at Antwerp (10 May), Rotterdam (12 May), and arrived at New York on 19 May 1965. For purposes of this trip, none of the personnel aboard the S.S. MORMACVEGA had prior contact with this office.

b7C
b. On the morning of 7 May 1965, the S.S. MORMACVEGA (AM), entered the Swina River, Poland. Immediately upon arrival at the Parnica Quay, Stettin (approx. 5 hours after entering the mouth of Swina at Swinemunde) two men, attired in civilian clothing, came aboard the vessel. They proceeded to the Master's cabin, stated that they were Immigrations Officials, and advised that they would like to inspect the passports of the passengers and review the crew list. Based upon their accent the Master was of the opinion that one visitor was Polish, while the other was Russian. When the Master asked for the passports, the aforementioned individuals stated that they would return them personally to the passengers. Since this was an unusual procedure, the Master asked if there was anything wrong. They assured him everything was in order and then started contacting the passengers. After returning four of the five passports, the men entered the stateroom of [REDACTED] a passenger who is identified in enclosure (1). They remained in the room with the door closed and after approximately 30 minutes, they left and escorted [REDACTED] to the ship's lounge, where they continued to interview her. The Master noted that [REDACTED] appeared to be upset. During the conversation in the lounge, she and one of the men got up and went to her room. When they returned several minutes later, the man was carrying, what the Master identified as [REDACTED] camera (35 mm type with telephoto lens) and several rolls of film. The two men then brought the camera and film to the Master and stated that they intended to take these items along with [REDACTED] into the city. When

the Master asked what the problem was, they stated that [redacted] had photographed the Naval facilities at Swinemunde, and that this was prohibited. [redacted] then stated that she would not leave the ship and that she felt ill. According to the Master, the men apparently accepting [redacted] statement, departed the ship without her, but took the film and cameras.

c. [redacted] account, as related by the Master, is as follows. Two men came into her cabin while she was in the bathroom. When she stepped out of the bathroom, the two men were standing in the room and the door had been closed. They then proceeded to ask her such questions as where she worked, where she lived, what her parents did for a living, etc. Not knowing how to react, [redacted] reportedly answered all of the questions to the best of her ability. They asked her if she had taken any photographs when the ship passed the Naval Base at Swinemunde. According to the Master, she stated that she could not remember if she had. She explained that she was not interested in Naval ships but just in the country side. The men reportedly repeated the questions several times and then went with [redacted] to the lounge. They told her that she would have to come into the city with them and surrender her camera and films. They also insisted that she would have to surrender not only the films she claimed to have exposed along the Swine and Oder river, but all of the film that she had in her possession. She reportedly stated that they could borrow the camera and films but she would not leave the ship. The men and [redacted] then went to the Master.

d. Soon after the men left, two other individuals came aboard, dressed in li blue uniforms. They stated that they were Immigrations Officials and that they would like to see the passenger's passports and a copy of the crew list. When the Master informed them that Immigrations Officials had already boarded and departed ship, they indicated that they had no knowledge that anyone from their office, or then themselves, had been assigned to the ship and further that they were the only ones along with the Customs Officials and Health Inspector who were authorized to clear the ship. The Master related [redacted] situation to the Immigrations Officials, who replied that they were not aware of any photography incident. They proceeded with their normal routine and it took three hours instead of the normal one hour or less to clear the ship.

e. [redacted] remained aboard the ship on 7 May. On 8 May, she asked the Master if she could go ashore. He told her that he knew of no reason why she could not since she had not been officially restricted to the ship. While [redacted] was ashore, two men attired as Polish Army Officers came aboard the ship and returned the camera to her brother [redacted] aboard the S.S. MOKACVEGA. At the request of the Polish Army Officers, [redacted] prepared and signed a receipt attesting to the fact that the camera was in good repair. The film was not returned.

26 MAY 1965

f. According to the Master, [REDACTED] experienced no unusual incidents while ashore in Stettin.

g. According to the master, one of the passengers who owned a set of binoculars stated that as the ship sailed past the naval base on 7 May 1965, he had observed several people in the trees on the Eastern bank of the Swina at Swinemunde scanning the S.S. MORMACVEGA with "telescopes".

h. On the morning of 9 May, two police officers came aboard the ship and asked for the passengers' passports. They stated that the passports would have to be taken to police headquarters for "further review". The passports were taken off the ship and returned just prior to sailing time (1130 hours, 9 May).

i. When the S.S. MORMACVEGA got underway, a Polish patrol boat took station directly ahead of the ship. A sailor, with binoculars, who was stationed on the stern of the patrol boat, kept the S.S. MORMACVEGA under constant surveillance while navigating the Oder. At the Zalew Szczecinski, the lake separating the Oder and the Swina rivers, a Polish Navy tug took station directly astern of the S.S. MORMACVEGA. Both the tug and patrol boat escorted the ship until it reached the pilot station north of Swinemunde...

j. The Master also noted that instead of the usual one, two pilots were assigned to the ship when departing. One pilot attended to the navigation of the ship, while the other manned the radio telephone.

k. The Master of the S.S. MORMACVEGA appeared to be more distressed over the fact that it took the ship three hours to clear at Stettin than the possible diplomatic repercussions involved in the alleged taking of photos in denied areas. As a result of the delay experienced by the ship, the Master filed a letter with MOORE-McCORMACK's New York Office to the effect that passengers should be told in advance by the company that photography is not permitted in Soviet Bloc ports.

l. The Master stated, that to his knowledge, no other U.S. Government Agencies have been made cognizant of this incident.

m. [REDACTED] did not return with the ship to New York since she disembarked in Antwerp on 10 May and is presently believed to be in Paris. Her brother, [REDACTED] was interviewed but could not elaborate on any of the information furnished by the Master.

n. A report on the Soviet Naval units sighted at Swinemunde by the Master has been forwarded by DIO-3ND message 212037Z May 1965. Information on Polish port regulations at Stettin will be forwarded by IR 5401009865.

SUBJECT: Possible Intelligence Activities of Polish Embassy Press
Attache, Stanislaw Wohl

REF

West German newsmen Harry Schleicher (Frankfurter Rundschau) recently told an Embassy Officer of certain difficulties he had with the Polish Embassy's Press Attache, Stanislawa Wohl, when he submitted an application for a visa to visit Poland in the fall of 1961.

Schleicher said that Mrs. Wohl, for some reason known only to herself, took it upon herself to write to authorities in Warsaw informing them that Schleicher was a spy for the West German Government. She took this action despite the fact that almost the entire Polish Embassy staff, including Ambassador Malecki, told her that they did not believe Schleicher was engaged in any way in espionage and that they could see no reason to deny him a visa. According to Schleicher, Mrs. Wohl had her own channels of communication, however, and she went ahead submitting reports describing Schleicher in the most abusive terms. (Schleicher told the Embassy Officer that he had been informed of the gist of her reports by his close friend, Polish Embassy First Secretary Korzeniowski.) Schleicher stated that the Ambassador himself felt powerless to take any action to curb Mrs. Wohl's activities. The Ambassador, at one point in the dispute, told Schleicher, with whom he is friendly, that he would do everything he could to see to it that no adverse decision was made against Schleicher in the whole affair. Schleicher later learned from a Polish Embassy attache, Latuszynski, that Mrs. Wohl went so far as to tell several Yugoslav officials in Novi Sad that Schleicher was a Nazi officer in occupied Poland in World War II. (Obviously this is a lie, since Schleicher would have been 15 years old at the time.) At this point, Schleicher told his Polish friends that he intended to make an official protest against this slander, but he was persuaded to drop

141858 the Poles. They reportedly stated that Mrs. Wohl was not entirely well mentally and that the best thing Jan 45 was to prevent her statements, since Schleicher would only cause both himself and the Embassy embarrassment if the issue became public. Schleicher agreed to this.

Schleicher informed the Embassy officer that he believed that Mrs. Wohl has "another position" in the Embassy, i.e., with the Polish intelligence service. He further stated that she is universally disliked by her Polish Embassy colleagues, who consider her to be unwell mentally. Schleicher said that there had been several attempts made to have her recalled from the Embassy and even removed from the Foreign Ministry but that none had succeeded. He commented that he thought it most unusual for a press attache to have her own lines of communication to Warsaw with which even the Ambassador could not interfere. This gave rise to his expressed conclusion that she worked for a Polish agency other than the Ministry of Foreign Affairs.

In conclusion, it should be mentioned that Schleicher withdrew the original visa application and resubmitted it informally later to Korzeniowski, who obtained a visa for Schleicher's use within a matter of days.

Biographic Information

Mrs. Wohl is a plump, unattractive woman in her early forties. Embassy officers who have talked with her at social functions state that she is a pleasant conversationalist and completely at ease in the company of Westerners. One officer noted at a luncheon attended by Mrs. Wohl that she was reserved in her treatment of two East Germans and a Czech diplomat who were seated near her. She speaks fluent Serbo-Croatian.

Mrs. Wohl is either divorced or separated from her husband. She has a son about 18-19 years of age living with her in Belgrade. According to Schleicher, the son was involved in the theft of an Austrian newsman's car about a year ago and only through the intervention of the Polish Embassy were the police kept out of the affair.

OPERATIONS MEMORANDUM

TO: Chief, Division of Investigations
Attn: SAB (SY)

FROM: Regional Security Officer, Warsaw

SUBJECT: Personnel Penetration Attempt - Warsaw

REF:

Date: March 3, 1964

The following apparently unsuccessful attempt of penetration of Embassy personnel is reported for your information.

Miss Mabel SEKIYA, Disbursing Officer, reported the following activity on the part of a Polish National.

On September 8, 1963, Miss Sekiya was invited to go on a mushroom hunt with some Polish Nationals (women). She was reluctant to accept and reported to the Security Officer asking advice. Approval was given only if she could secure the company of one or two American companions. Miss D. J. CHATTIN, Political Secretary, agreed to accompany Miss Sekiya. The majority of the group were maids living in the same building as Miss Sekiya and work for American employees of the Embassy.

The day after the outing, Monday, September 9, Miss Sekiya reported to the Security Office with details of the trip. The group actually included some Polish Nationals (males) inspite of all assurances to Miss Sekiya beforehand that the group was to include women only.

One member of the group was a Dr. Biolski (phonetic spelling), believed to be BIELECKI, John, Doctor of Internal Medicine, connected with a health organization in Poland.

The Doctor attached himself to Miss Sekiya and Miss Chattin during the afternoon. He was said to be very polite and a good conversationalist. The general topics of conversation concerned paintings, and visiting castles in Poland. There was some mention of a Moscow trip which the Doctor was to make starting Monday, the day Miss Sekiya reported to this office.

Miss Sekiya was called by the Doctor by telephone on September 12. At this time he mentioned that he had completed the trip to Moscow. He also said that he had a complete set of the paintings which were

[part of the discussion during the mushroom hunt. (Comment:
(1) This is too short a time for a trip to and from Moscow.
(2) Miss Sekiya stated that a complete set of this type of paintings
was very difficult to obtain.) He also said he had seen the castle
in which Miss Sekiya expressed an interest and suggested a visit
in the near future. Miss Sekiya made excuses for the two following
weekends.

On September 17 a call was answered in Miss Sekiya's apartment
by Miss Edna MacDonald, Economic Secretary, who was visiting
Miss Sekiya. The call was apparently quite confused and in Polish.
The caller asked for or about a Doctor.

Three calls were received on September 20 all in Polish. A
fourth call was in English and again an invitation was extended to
visit the aforementioned castle. Miss Sekiya said she was again
evasive and the situation was left that Miss Sekiya should call
with a definite time for the trip. The Doctor gave his telephone
number, which Miss Sekiya did not write down. He also said that
"Tila," a Polish maid working for Miss Ellen JOHNSON, Press and
Culture Secretary at that time, knew him well and could also
supply his telephone number.

Miss Sekiya was advised by the Security Officer to have no
further social contacts with Biolocki or any of the maids.

No further contact has been made since that time between
Biolocki and Miss Sekiya. Miss Sekiya recently departed this Post.

It is believed that this account was a preliminary attempt at
involvement in a provocation which was not successful.

"Tila" is Filomena ~~LESZCZYŃSKA~~ and is presently employed by
Robert DeVecchi, TGO-3, Polish Language Officer in the Consular
Section of the American Embassy, Warsaw. Mr. DeVecchi reported that
"Tila" was also formerly employed by Col. George A. AUBREY, a
former Army Military Attache at Warsaw and presently stationed in
Moscow. It is believed that plans were considered at one time for
"Tila" to accompany the Aubreys to Moscow, however, this did not
come about for reasons unknown.

Mr. DeVecchi has been informed of this incident.
